

HOLLYWOODBETS BELLVILLE CRICKET CLUB GUIDELINES: SCREENING OF PLAYERS/COACHING/OTHER ON PRACTICE DAY, MATCH DAYS AND ANY OTHER DAY AS REQUIRED

PURPOSE

The purpose of the guideline is to inform all Members about safety protocols for all amateur activities at the Club under Alert Level 1 Lockdown. The guidelines will also assist The Club Committee on how to manage the screening process when players, support staff and/or any other people enter the club premises.

BACKGROUND

The screening measures are necessary to protect players and coaches and to avoid the spreading of the infection with the COVID-19 virus.

1. Control of entrances

- The Number of entrances will be limited depending on the availability of screeners.
- Appointed screeners are to be orientated before assuming duty as screener. They shall at all times wear face masks during their shift.
- The club must have a digital thermometer scanner available for the measuring of the body temperature of all entrants to the club.
- All the necessary documentation for access control must be available for control purposes.
- Persons entering the main gate of the club parking is restricted to the marked parking areas on the tar surface. No parking will be permitted on the field area.
- All individuals must wear a mask when entering the gate and may only remove it when instructed or where permissible.
- Proceed to the **Club foyer** which has been identified as the formal screening area (**entrance to the club and fields via any other entrance is prohibited**).
- Answer all question and complete all documentation fully as requested by the screener.
- Proceed directly to the practice area as instructed or other area as per prior arrangement.
- Any person who refuses to be screened, will not be allowed to enter the club or any facility on the grounds.
- Illegal entering by members could lead to internal disciplinary action and/or prosecution. Any other person entering illegally will be required to leave the premises immediately and could be prosecuted in terms of the applicable acts.

2. Procedural Aspects

The following should occur at the identified entrance point (**club foyer**):

- The screener/s must report on time for the screening process.
- The screener/s must ensure that all screening material are ready and in working condition.
- Markers are to be used on the ground to assist with social distancing.
- Screeners are to ensure that individuals wear mask when entering the club facility. (**“NO MASK, NO ENTRY” POLICY WILL APLY**)
- The temperature of all entering must be taken and recorded.
- The person wishing to enter will needs to answer five questions as per the Screening document.
- Should these questions indicate that an individual is at risk or the scanner reading is above 37.3°C then that person must be requested to consult the Covid-19 hotline number (**National Institute for Communicable Diseases 0800 029 99**).
- After the screening process the individual must proceed to the next point where he must sanitise his hands before proceeding to the club area and practice area.
- The information of all coaches and players screened must be recorded. The daily recording of screening is a requirement and must be complied with.
- Should any category member and employees of the club or any other person not pass the screening they will be accommodated in the isolation room until it is possible to leave the premises.
- They will also be requested to isolate for 14 days, if required, consult a medical practitioner, or call the hot line number. They must take the necessary precautionary measures to prevent the further spread of the virus.
- Proper record of all these incidents are to be recorded in the appropriate register which will be supplied by the club.
- All screening documentation to be properly filed at the end of the day and preserved in a safe place for **6 MONTHS**.
